Priestley Smith School

**Priestley Smith School provides a warm, welcoming environment for everyone who sets foot in the school.**

**Ofsted 2019**

# About our school

**The aim of the school is to develop confident, caring and independent young people**

## Who are we?

Priestley Smith School caters for children between the ages of 2 and 19+ years, delivering nursery education, Foundation Stage and Key Stages 1, 2, 3, 4 and 5. We also provide specialist education for Sixth Form students at all academic levels.

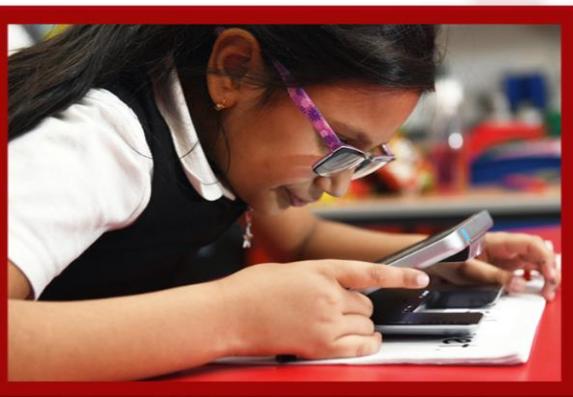

Priestley Smith School is a unique school in the UK. It is the first co-located all-age special school for students with severe sight loss and shares a campus with 4 mainstream schools. The school is purpose built for students with visual impairment, and is very well resourced to meet their needs, providing the specialist equipment they require to access the curriculum e.g. large print and braille materials, specialist ICT software with speech, adapted technology etc. All our teaching staff are experienced and qualified teachers of the visually impaired.

Our support staff are also all trained to a very high standard. Students are taught to challenge any barriers placed before them and to realise that, while they might tackle a task in a different way to their peers, all things are possible. Their visual disability does not define who they are.

## What do we do?

We are committed to providing an exciting, stimulating and highly differentiated learning programme for all our students and to ensuring that each child is supported to reach his or her potential.

We provide both a mainstream curriculum, personalised to meet each child's visual and learning needs, and the additional specialist subjects of braille, habilitation (previously mobility and independent living skills) touch-typing, specialist ICT, and perceptual development. Every student leaves the school with a range of accreditation, qualifications and skills to help them make their way successfully in the world.

**Priestley Smith School believes implicitly in the value of first hand experiences as the key to real learning. Visits and visitors form an essential part of the routine of the school, with hands-on activities forming the major pathway to understanding.**

**Students' learning is enriched through a comprehensive package of additional activities built into the school day in which all students are able to participate. Students spoke with enthusiasm about the residential and camping trips they can take part in, as well as the opportunities they have for horse riding and swimming.**

**Ofsted 2019**

## **Message from the Head Teacher – Joanna Garvey**

**At Priestley Smith School, we aim to support our students, all of whom have a visual impairment, to do their very best, to enjoy school and to develop into caring, confident, independent and resourceful young people. We seek to develop well informed, respectful young citizens who celebrate the diversity in our world and help to shape the future, who are eager to share their thoughts and views but who also listen and respond appropriately to the opinions of others.**

**We have high expectations for our students and have created an environment in which each individual is supported and challenged to achieve their full potential, both inside and outside the classroom. Our students have a very rich and varied curriculum which focuses heavily upon first hand experiences and develops a love of learning. We want our students to leave us with the best possible academic qualifications but also with strong Independent Living Skills and the ability to move around the wider environment independently and safely so that they can succeed in the world.**

**We expect our students to be ready to learn, to work hard and to take pride in their achievements. We also believe that a strong partnership between student, parent and staff will ensure the best possible outcomes and therefore work closely with children and their families to identify the next steps in their learning and ways to support them to achieve these.**

### **Our Mission:**

**Through high quality teaching, learning and pastoral care, to develop confident, caring and independent young people who are able to succeed in the world in their chosen field.**

### **Our Vision:**

**To be an outward-looking centre of excellence in the education of children with visual impairments**

**Priestley Smith School,  
Beeches Campus,  
Beeches Road,  
B42 2PY**

**Priestley Smith Primary:  
0121 325 3900**

**Priestley Smith Secondary:  
0121 325 3905**

## **Where are we?**

Priestley Smith School is located on the site of Perry Beeches campus in Great Barr, Birmingham. The campus includes Beeches Nursery, Infant and Junior schools and Arena Academy.

It is also near Fortis Academy, where our students are supported to study Level 3 qualifications facilitating inclusion for our students of all ages.

Priestley Smith School is a city-wide provision. Students attend our school from all areas of Birmingham and also from surrounding Local Authorities, including Dudley, Sandwell, Solihull, Walsall and Wolverhampton. [www.priestleysmith.com/admissions](http://www.priestleysmith.com/admissions)

# **Our Aims**

## **At Priestley Smith School**

### **we aim to provide:**

**A safe, caring and supportive learning environment which enables all students to achieve to their maximum potential and encourages them to be as confident, resourceful and independent as possible**

---

**High quality first hand learning delivered by specialist teaching experiences for all students, and support staff**

---

**Consistently high quality resources and materials for all students, including specially adapted information and communication technology**

---

**Small groups with a high teacher-student ratio**

---

**Opportunities for both academic and social inclusion throughout all phases with campus and local schools**

---

**Full access to a broad, balanced and highly differentiated mainstream curriculum, modified to meet the visual, learning and social needs of each child.**

---

**A range of additional extra-curricular activities to supplement class-based learning**

---

**Individualised training in mobility and independent living skills, delivered by specialist, on-site Habilitation**

---

**An environment in which diversity is celebrated and in which all barriers to inclusion are challenged**

---

**A close working partnership with parents and carers, which enables them to be fully involved in their child's learning**

---

# Life at Priestley Smith School

## The School day

- School is open to children from 8:35am—3:10pm

## Uniform

- Priestley Smith School asks that all students wear school uniform. Sweatshirts and polo shirts with the school logo are available to purchase from the school office all year round.

## Boy's Uniform

- Dark Grey or Black trousers
- White polo shirt
- Maroon Sweatshirt
- Black shoes

## Girls' Uniform

- Dark Grey or Black skirt or trousers
- White polo shirt
- Maroon Sweatshirt or cardigan
- Black shoes

PE Kit Plain White T-shirt, Plain dark shorts or skirt, White socks, Trainers/Plimsolls, Tracksuit (optional for outdoor use), Swimming costume/shorts and towel

# Priestley Smith School is a Rights Respecting School

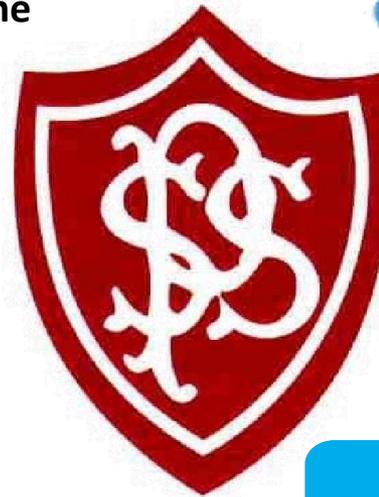

The Rights Respecting Schools Award puts children's rights at the heart of schools in the UK.

- Unicef works with schools in the UK to create safe and inspiring places to learn, where children are respected, their talents are nurtured and they are able to thrive. Our Rights Respecting Schools Award embeds these values in daily school life and gives children the best chance to lead happy, healthy lives and to be responsible, active citizens. The Award recognises a school's achievement in putting the United Nations Convention on the Rights of the Child into practice within the school and beyond.

- Article 12 says that every child has the right to express their views, feelings and wishes in all matters affecting them, and to have their views considered and taken seriously.

- Every year during the month of October students are asked to vote for their School Ambassador.

- The role of the school ambassador is to actively represent students' concerns to staff, SLT and outside organisations, uphold the image and good reputation of the school, attend events as the school student representative, post on social media as the ambassador and take part in school council meetings.

# Primary Department

## Foundation Stage

- We have a purpose built Foundation Stage, including outside area, which caters for children of Nursery and Reception age and which is fully equipped with stimulating and exciting resources to encourage children's learning and imagination at this age.
- The children study all aspects of the Foundation Stage curriculum, with regular opportunities gain first- hand experience of the world through educational visits. They also have sessions in mobility, independence, perceptual development and tactile skills.

- The Foundation Stage has a wonderful Sensory Room in order to stimulate and reinforce visual skills. The children benefit from weekly swimming or horse riding sessions, music and Physical Education lessons.
- They also visit a soft play centre each week. Foundation Stage staff work closely with parents and a range of other professionals such as physiotherapists and speech and language therapists to maximize the potential of each child.

- The children benefit from lessons as part of an individualised specialist curriculum to meet their needs, including ICT, touch-typing, braille, habilitation and Independent Living Skills. This runs alongside the mainstream National Curriculum.

- All learning programmes are highly differentiated to ensure that they match each child's level of learning. Students have weekly music, PE, French and either swimming or riding lessons, taught by specialist teachers.

# Primary Department

## Key Stage 1 and 2

In Key Stage 1 and Key Stage 2 the children are taught in small classes with daily opportunities to work and play with their mainstream peers in Beeches Infant and Junior Schools.

# Secondary Department

Priestley Smith Secondary Department caters for young people up to age 19 . The Secondary Department offers the full range of National Curriculum subjects, which are taught in small classes with specialist equipment to meet the children's needs. These include:

English  
Maths  
Science

Geography  
History  
Modern Foreign  
Languages  
Music

ICT  
Art  
PSHE  
Food  
Technology

All learning programmes are highly differentiated for each child. The students continue to have weekly PE and swimming lessons and individual braille, habilitation, touch typing and specialist ICT lessons.

Secondary students are also able to participate in many learning experiences beyond the classroom, including extra-curricular clubs, curriculum activities, trips and visits and residentials

# OPTION CHOICES KEY STAGE 4

As students move into Year 10 they can choose some of the subjects they wish to study (optional subjects) and there are some subjects that they have to continue to study (compulsory subjects).

## At Key Stage 4

Maths, English, ICT, Science, Business Admin, Food Technology, PSHE, RE and PE and swimming are compulsory and students will also have Mobility, specialist ICT, ILS lessons and Braille, where appropriate.

The following 4 subjects are offered as an option choice—students need to choose 2 out of the 4:

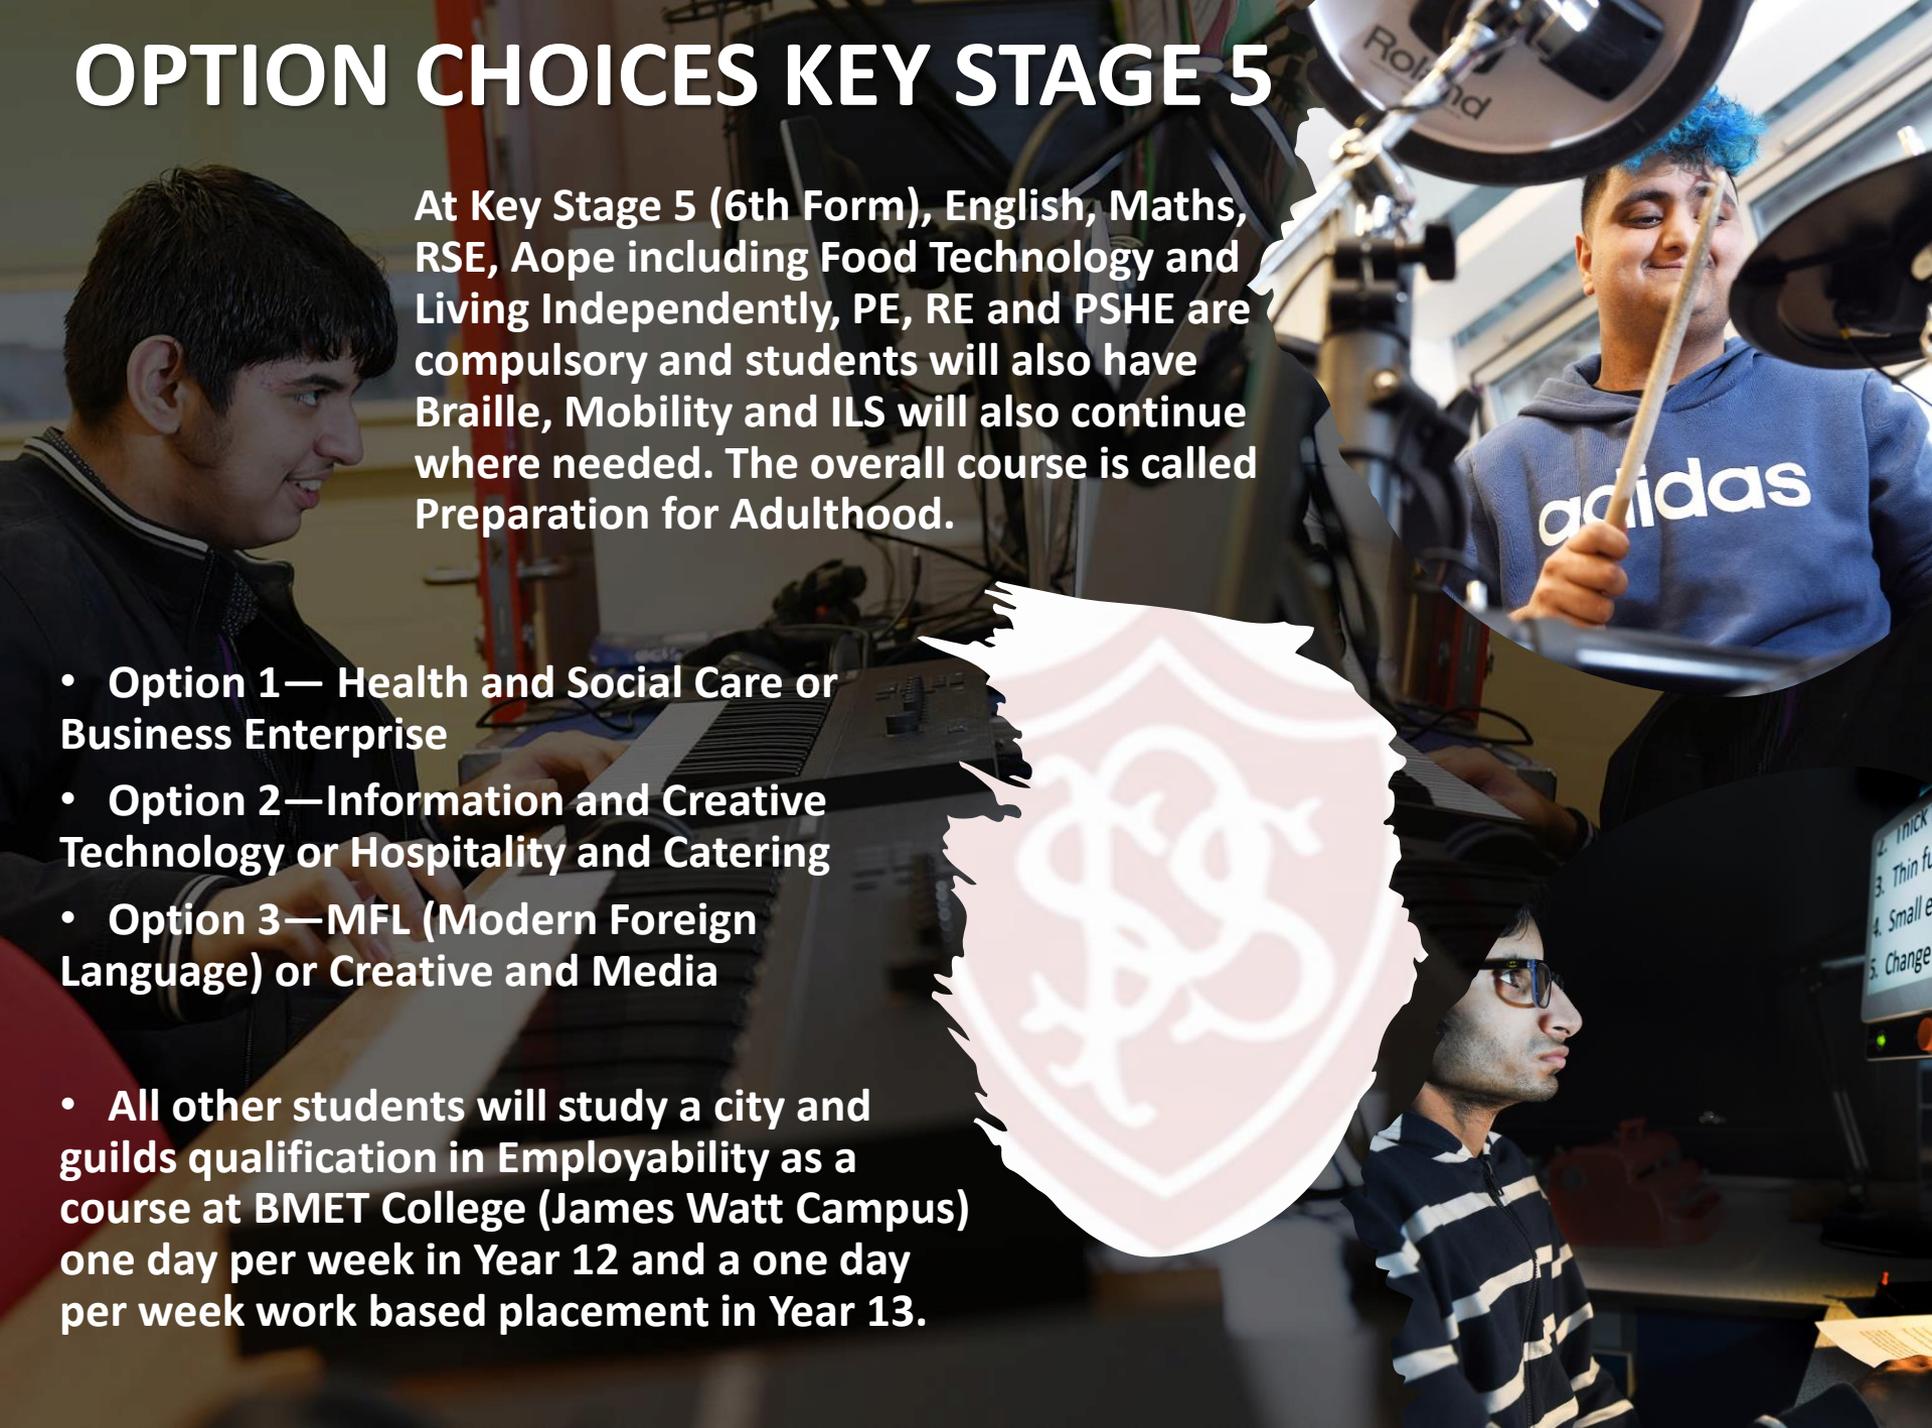

- Option 1: French or History
- Option 2: Music or Art

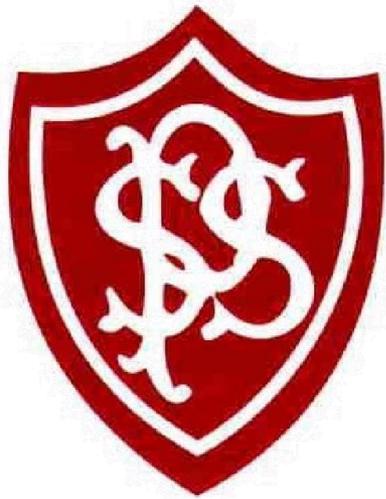

Students in year 10 will complete a 2 week work experience placement

# OPTION CHOICES KEY STAGE 5

At Key Stage 5 (6th Form), English, Maths, RSE, Aope including Food Technology and Living Independently, PE, RE and PSHE are compulsory and students will also have Braille, Mobility and ILS will also continue where needed. The overall course is called Preparation for Adulthood.

- **Option 1— Health and Social Care or Business Enterprise**
- **Option 2—Information and Creative Technology or Hospitality and Catering**
- **Option 3—MFL (Modern Foreign Language) or Creative and Media**
- **All other students will study a city and guilds qualification in Employability as a course at BMET College (James Watt Campus) one day per week in Year 12 and a one day per week work based placement in Year 13.**

# OPTION CHOICES KEY STAGE 5

- For students who will gain at least 5 GCSEs at 1 – 9 including English and mathematics at the end of Key Stage 4, there is also the option of studying 'A' levels in partnership with Fortis Academy Sixth Form.

- Such courses will be supported by Priestley Smith School and work will be appropriately modified into large print, Braille and ICT formats, as required by individual students. Students wishing to follow 'A' level courses should discuss this option with Mrs Blair-Burke (Head of Secondary) Mrs Weston (Sixth Form Coordinator)

# Habilitation

(formerly Mobility and Independent Living Skills)

Priestley Smith School is also home to the Education Habilitation Service, which offers mobility and independence training to visually impaired children and young people across the city.

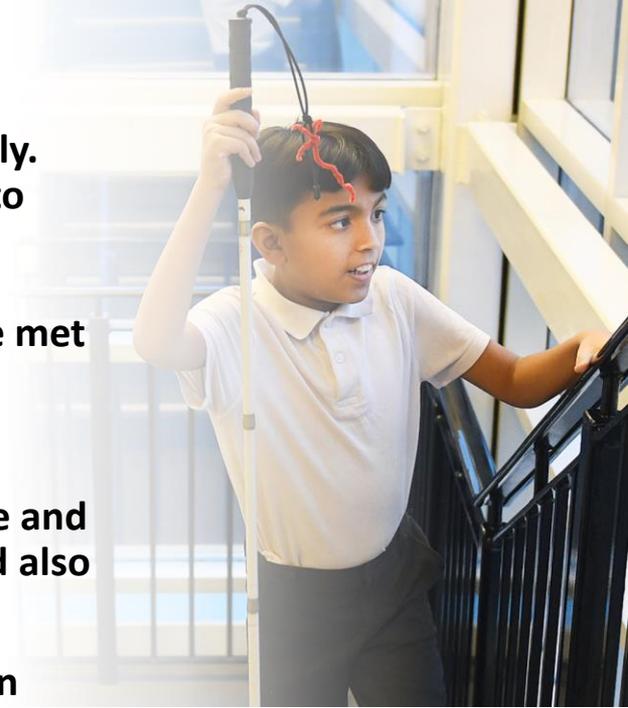

Students have access in school to individual mobility lessons and independent living skills, as well as the possibility of group Personal Social Development lessons and extracurricular activities.

There is a specially designed mobility teaching room, with high contrast units and a wide range of specialist equipment for teaching independent living skills.

# What is mobility?

- **Mobility is the skill to move through the environment independently. Training enhances this ability by teaching special skills and strategies to help children cope.**
- **Each young person is individually assessed and identified needs are met through one to one mobility lessons to help them become safe independent travellers, both indoors and out.**
- **Great emphasis is placed on safety and work appropriate to the age and ability of each individual child. Students will be assessed in school and also in the surrounding area**
- **Mobility sessions will normally take place at school, but Habilitation Specialists work throughout the year including school holidays, when home visits can be arranged.**
- **Parents are encouraged to be involved so they can support their child and will be provided with regular reports on their progress**

**Topics covered will vary depending on age and ability, but may include:**

- **Body awareness – understanding body parts and how the body moves**
- **Listening skills – how to listen and what to listen for**
- **Orientation – knowing where you are and how to get to where you want to be, including long cane training, where relevant**
- **Maximising vision – making the most of residual vision and using appropriate low vision aids**
- **Basic personal safety – keeping safe and seeking help**
- **Road safety – including special strategies and techniques to improve safety**
- **Social and life skills – dealing with others, shopping, money and using the telephone.**

# What are independent living skills (ILS)?

The Mobility Service aims to prepare students for safe independent living in the future. By the time students leave school, the majority should at least be able to make a simple meal and drink for themselves. Independent living skills may be one to one lessons or students may take part in small group sessions. Some students may be entered for ASDAN PSD or Personal Progress.

Topics covered will vary depending on age and ability, but may include:  
Social and emotional development, asking for assistance, including contacting the Emergency Services, social conventions, manners, confidence and motivation  
Independent living skills (ILS) e.g. kitchen skills, including Snack Attack, a progressive course in basic food preparation, eating, personal hygiene, money handling, dressing.

## Habilitation Staff:

Fiona Broadley—Senior Habilitation Specialist  
Terri-Ann Bent—Habilitation Specialist  
Suzy McDonald—Habilitation Specialist  
Jo Shale—Habilitation Administrator

### What Ofsted said:

The school's Habilitation team plays a vital role in further preparing students to be as self sufficient as possible, both at home and in the local community. Their work is embedded in the curriculum, as is the integrated use of specialist equipment, enabling students to be as independent as they can be. Despite their severe visual impairments, several students now travel independently to and from school. They told inspectors how they have been supported to learn how to use local transport or navigate their way around other schools. One student summed up the feelings of the group of students the inspector spoke to, when he said, 'I will always need some support, but it will decrease because of how I've been helped.'

# School Governors

Priestley Smith School governors show an enormous level of commitment to the school and work extremely hard in the interests of our students and families.

Our governing body has a wide range of differing experiences. We have representatives from families, business, education and the voluntary sector as well as elected and co-opted staff members.

This helps to ensure we have the right range of skills to carry out our duties. Governors meet regularly in both full governing body meetings and in curriculum, finance and personnel subcommittees. They play a key role in evaluating the work of the School and in securing School improvement .

Priestley Smith School has 12 governors.

## The School Council

Priestley Smith School has a very effective and dynamic School Council which meets regularly to discuss issues relating to the whole school.

The council is chaired by students, minutes of the meeting are recorded by students and the agenda is set by students.

Senior school staff attend and contribute to the meetings. School Council members are involved in school improvement, planning, meet agencies which work with the school and meet with OFSTED. They manage a school council improvement budget.

# Transport to school

Travel to and from school is organised by the Habilitation Team and Birmingham Travel Assist, part of the Local Authority, with parental wishes taken into consideration.

Primary students are normally brought by taxi or minibus to school. Transport regulations have become more stringent in recent years and whilst school will make every effort to help you secure home school transport, if you live within 2 miles we cannot guarantee success.

At Secondary level more children use public transport. They may be accompanied one way by habilitation staff, before progressing to independent travel.

This helps students learn to travel independently, following successful completion of the relevant mobility training and prepares them for life after school.

Sixth form parents will be asked to make a contribution towards travel costs should they wish to remain on transport to School.

# Our staff

Priestley Smith School is committed to a team approach to meeting all our learners' needs. Our specialist and experienced staff comprise senior leadership staff, teachers, teaching assistants, multi-agency specialists, volunteers, apprentices, governors, and support staff. Staff are trained to meet the changing needs of students. What Ofsted said about our staff: There is a strong sense of 'team' and staff are proud to work at the school. They want to support and encourage students to be the best they can be.

# Admissions to Priestley Smith

**Priestley Smith School is a Birmingham Local Authority School. Admission to the school is therefore made through Birmingham Education Authority and cannot be agreed by or arranged directly through the school. Parents, carers and professionals are, however, welcome to visit Priestley Smith School at any time to gain an informed view of the school.**

**All enquiries regarding visits to the school should be directed to the School Secretary on 0121 325 3900.**

**When parents and schools feel that a placement at a specialist school for the visually impaired would be beneficial for a particular child, this will generally be discussed at annual review meetings, in consultation with Local Authority officers. If there is agreement that such a placement is preferred, students with an Education and Health Care Plan (EHCP) for visual impairment are then referred by the Special Educational Needs Assessment and Review (SENAR) to Birmingham Placement Panel, which determines the appropriateness of a placement within Priestley Smith School.**

**Priestley Smith School caters for students from Birmingham LA and surrounding local authorities including Solihull, Walsall, Sandwell, Warwickshire, Wolverhampton and Dudley. In all cases involving students from other local authorities, admission to the school is arranged through regional Local Authority officers, in consultation with Birmingham SENAR and Birmingham Placement Panel. Birmingham Placement Panel make the final decision as to appropriateness of placement.**

**For more information [www.priestleysmith.com/admissions](http://www.priestleysmith.com/admissions)**

# School Meals

## Primary School

School meals are prepared and eaten in the adjoining Beeches Primary school. This encourages integration between our school and the mainstream school. Students will then share a lunchtime play together. School meals are ordered online by parents. Parents are given access to an online account and have the option to order daily or for a whole term. Payments are made online so no need to bring cash to school, there is an option to set up a direct debit or pay as you go. Students are welcome to bring a packed lunch. All students are encouraged to make healthy choices, and meals are fully supervised.

## Secondary School

Our Secondary School students eat their lunch in the canteen within the adjoining Arena Academy. Students are encouraged to be independent when making meal choices and paying for their meals. The only method of payment is cash. Students are welcome to bring a packed lunch. Some of our students will choose to remain in Priestley Smith to eat their lunch.

## Universal and Free School meals:

Universal Free School meals are offered to all students in Reception, Year 1 and Year 2 regardless of circumstances. Free School meals are for Parents/Carers on certain benefits, applications can be made at the School office. Proof of benefit must be seen .

# Safeguarding students:

At Priestley Smith School we are committed to safeguarding our students and we expect everyone who works in our school to share this commitment. The school follows clear safeguarding policies procedures and addresses not only the general safeguarding issues students face such as e-safety, but also the specific challenges from having visual impairments and associated health and learning issues. This means our students and their families can need additional support. As we teach students from 2-19 years old, we tailor our support to their needs as they reach adulthood.

Our students have the right to a safe, caring and supportive learning environment which enables them to achieve to their maximum potential and encourages them to be as confident, resourceful and independent as possible. They have the right to feel safe, have a voice, and know that they are listened to.

Adults in our school take all welfare concerns seriously and encourage our students to talk to us about anything that worries them.

We will always act in the best interest of our students

Within the school, three senior members of staff are Designated Safeguarding Officers and work with families, social services, and Children's Disability Teams to ensure that our students are not at risk. All staff have been trained in child protection procedures and undergo regular refresher training. There are currently 9 trained first aiders.

# Working with Parents and Carers

**At Priestley Smith School, we believe that children learn best when supported by their families and community.**

**We aim to work in partnership with parents and carers, to establish mutual understanding and respect and to find ways in which home and school can work together for the benefit of the child.**

**Our partnership depends on good communication. As a school we try to ensure that parents and carers are kept fully up to date with their child's progress through:**

**Parents' Evenings, ECHP review meetings, end of year reports, Half termly newsletters.**

**As many parents do not live locally and many children come to us on School Transport, some of the ways we also communicate are through:**

**School website | School diary | Text messaging | Facebook and Twitter**

# **Our Policies and Procedures**

## **Behaviour Policy**

Many but not all students also have additional needs which may include difficulties with learning, communication, physical impairment, hearing impairment, emotional and behavioural difficulties and Autistic Spectrum Disorder.

Priestley Smith School aims to encourage students and staff to have the highest standards of behaviour, principles and values. We aim to promote trust and mutual respect for everyone, in an environment where warm relationships, good manners and independence are considered crucial in forming a happy and confident child.

Our behaviour policy and practice is based upon an understanding of these mutual rights and upon mutual respect for and by all. We believe that high-quality teaching and a curriculum which meets the needs of all students in a meaningful way will avert many potential behaviour difficulties and promote expectations of high attendance. Our emphasis will be on recognising and celebrating effort and success, so that all students feel valued. We will teach students to take responsibility for their own actions and to acknowledge their consequences.

An essential part of this is the motivational aspect of rewards which encourage students to work and behave to a high standard.

students will be encouraged to be:

Kind \* Polite \* Sensitive and considerate of others \* Careful with others' property \*  
Honest \* Helpful \* Hard working \* Respectful of the rights of all \*

# **Our Policies and Procedures**

## **Attendance**

**Priestley Smith School seeks to ensure the most effective education for all its students. In order to achieve this it is vital that students attend school consistently and on time. Good attendance and punctuality are important characteristics to develop for the future world of work.**

**The school works in close partnership with students and families to ensure the best possible attendance for each child. We monitor attendance closely.**

**We keep students and families regularly informed on individual attendance rate, and on school and national requirements. Good attendance can be summarised as 95-100%.**

**This will always be our target for all students.**

**Students failing to attend school regularly can be a sign of deterioration in their emotional well-being and we will explore and try to resolve any issues. The safeguarding of our students and our professional curiosity underpin our attendance monitoring systems.**

**Statutory policies can be found on the school website [www.priestleysmith.com](http://www.priestleysmith.com) printed copies are available on request**

# **PRIESTLEY SMITH SPECIALIST SCHOOL**

**An outward looking centre of excellence  
in the education of children with visual impairments**
